## **Monitor self-certification 2016/17**

### **1 Introduction**

As an authorised Foundation Trust the Board needs to be confident that robust arrangements are in place to ensure:

- 1) Compliance with the Monitor Licence; and
- 2) Compliance with the requirements of Monitor's *Risk Assessment Framework*.

### **2 2016/17 Certifications**

As part of the Annual Planning process for 2016/17 the Trust is required to submit the following certifications to Monitor by 30<sup>th</sup> June:

- Corporate Governance Statement;
- Joint Ventures and Academic Health Science Centre; and
- Training of Governors.

Certifications against the 'Licence General Condition 6 (systems for compliance with Licence conditions)' and 'Continuity of Services Condition 7 – Availability of Resources' were approved by the Board in May and submitted to Monitor.

### **3 30 June certifications**

#### **3.1 Corporate Governance Statement**

The Trust is required to certify against six statements. Appendix 1 provides these statements and the risk and mitigation actions against each of these.

#### **3.2 Joint Ventures and Academic Health Science Centre**

This certification is not applicable to the Trust.

#### **3.3 Training of Governors**

The Board must certify that during the year it has provided the necessary training to its Governors as required by s151(5) of the Health and Social Care Act.

Regular dialogue is maintained with Governors on the types of briefing and information sessions required. In 2015/16 this has included sessions on the staff survey results, Information Technology in the Trust, Business planning, Outpatients and progress with merging with the Royal Surrey County Hospital (RSCH).

In November 2015 the Trust arranged a training event facilitated by Hempsons to discuss the role of the Governor with particular focus on the proposed merger with RSCH.

### **4 Recommendation**

The Board is recommended to approve the proposed self-certifications
