Patients first • Personal responsibility • Passion for excellence • Pride in our team
Patient Contact Information for Skin Cancer

This leaflet has been produced by the Dermatology Department for Ashford and St Peter’s Hospital (ASPH) patients who have been diagnosed with skin cancer. It provides a list of patient information leaflets outlining particular types of skin cancer and their management as well as the contact details of the doctors who may be involved in your care. We appreciate you may have further questions following your consultation and diagnosis.

Please ask your doctor for an information leaflet about your particular type of skin cancer if this has not been provided at your consultation.

It is our usual practice to discuss the further management of your skin cancer at a multidisciplinary team (MDT) meeting with other doctors. These meetings are held on a fortnightly and weekly basis locally at St Peter’s Hospital or at a regional level at Royal Surrey County Hospital (RSCH) Guildford respectively.

Occasionally patients are referred on to The Royal Surrey County Hospital Guildford or St George’s Hospital in Tooting, London for further treatment: this may include lymph node sampling, lymph node removal or radiotherapy. Some patients may also be referred on to other hospitals for a special surgical technique known as Moh’s surgery.

We also offer patients the opportunity to be involved in national clinical trials.

Further Information

We endeavour to provide an excellent service at all times, but should you have any concerns please, in the first instance, raise these with the Matron, Senior Nurse or Manager on duty. If they cannot resolve your concern, please contact our Patient Advice and Liaison Service (PALS) on 01932 723553 or email pals@asph.nhs.uk. If you still remain concerned please contact our Complaints Manager on 01932 722612 or email complaints@asph.nhs.uk
Further Information
If you have any queries regarding the contents of this leaflet please contact the Dermatology Department (St. Peter’s Hospital) – telephone 01932 722748 or telephone 01784 884532 (Ashford Hospital)
