

## Caring for the **Humanist** Patient

**The British Humanist Association was founded in 1963.**

**Humanism is the outlook of reason and goodwill for those who do not accept a Divine plan.**

Humanists believe strongly in the individual's right to freedom of choice in the main decisions of life and death, and this will certainly influence their choices for their care.

**SPECIAL  
CONSIDERATIONS**

There are no special **DIETARY** needs, no objections to **POST-MORTEMS, ORGAN DONATION / TRANSPLANT**

**LAST OFFICES**

Routine LAST OFFICES procedures may be followed.

**EVERY HUMANIST PATIENT IS AN INDIVIDUAL AND PRACTICE MAY VARY**
